MacArthur Is Still Critical

WASHINGTON AP) — General of the Army Douglas MacArthur's condition remains critical, but the emergency treatment started Thursday to try to meet the problem of diminished kidney action is "functioning quite satisfactorily," his doctors reported today.

A medical bulletin from Walter Reed Army Hospital at 9:30 a.m. also said there has been no bleeding from the general's esophagus for the past 20 hours. Therefore a tube that has been inserted through his throat and esophagus into his stomach is being removed this morning.

"However," the bulletin added, "his condition remains critical."

The bulletin reported that the five-star general "passed a fair night," and that his blood pressure remained at 110-60—presumably at about the same point as late Thursday afternoon—and that his pulse was at 96, still somewhat elevated, and his temperature at 99.2, just slightly above normal.

MOTHERS CLUB HEARS TALK BY DR. SORENSON

Pennsylvania last year and joined the Abbottstown Fire Company. He was asked to give a lecture on resuscitation and he has made a vocation of this type of work ever since.

He was assisted in his lecture by Laverne Neff, Abbottstown fire chief. He spoke on "Life Saving Technique," and "Mouth to Mouth Resuscitation." "Place the patient on a firm surface, check pupils of eyes and pulse to see if blood is circulating, give cardiac massage and mouth to mouth resuscitation and get the victim to a doctor as soon as possible. Your two hands and your mouth may be the means of giving another person a chance to live," he said.

SHOWS CANCER FILM

Youth Raised By Hoffa Charged With Offering \$25,000 Bribe To Widow

CHATTANOOGA, Tenn. (AP) — A young man raised by James R. Hoffa has been indicted on charges of offering a \$25,000 bribe to a member of the jury which convicted the Teamsters Union president of jury tampering.

Charles L. O'Brien, 29, business agent for a Detroit Teamster local, is accused of offering the money March 9 to Callie Key, a Negro widow, if she would swear Hoffa did not receive a fair trial.

O'Brien posted \$15,000 bond and was released pending arraignment.

LIVES WITH HOFFA

As a child, O'Brien was taken into Hoffa's home after his father, a Kansas City truck driver, was killed. Hoffa recently said O'Brien is "a boy whom I have raised since he was a baby." O'Brien, his wife and their two children live in Hoffa's Detroit home.

The alleged bribe offer took place five days after Hoffa was convicted here and three days before he was sentenced to eight years in prison and fined \$10,000.

O'Brien has been in Chattanooga since the trial's end seeking affidavits in an effort to win a new trial for Hoffa. The Teamsters leader and three others were convicted of trying to tamper with the jury which heard Hoffa's 1962 conspiracy trial in Nashville. That case ended in a mistrial.

REFUSED BIBLE

Special Prosecutor John J. Hooker of Nashville said earlier that Mrs. Key, 63, treasurer of the Tennessee Federation of Negro Women's Clubs, had been approached with a bribe offer, and turned it down. Mrs. Key was the only Negro on the jury.

The indictment was the first returned by a grand jury investigating events during and since the trial. The jury has heard testimony from Bernard E. Spindel, a professional wire-tapper, and several employees at the Read House Hotel.

Spindel, an electronics expert from New York, was hired by defense lawyers during the trial to try to prove that FBI agents spied on Hoffa. He testified he monitored conversations between government agents watching Hoffa's hotel.

"Of every six persons who get cancer today, two will be saved and four will die. One and two will be saved. Number three will die, but might have been saved with proper treatment received in time. Russia Lashes Red China, Calls Showdown Session Of All World Communists

By REINHOLD ENSZ MOSCOW (AP) — The Soviet Union finally lashed back at Red China today, calling for a showdown meeting of the world's Communist parties to thrash out communism's big feud.

Breaking a six-month silence, the Kremlin accused the Chinese of trying to run the Red bloc, to stir political unrest in the Soviet Union, to sabotage Premier Khrushchev's policy of peaceful coexistence and to obtain nuclear weapons at any cost.

The Soviet reply occupied nearly an entire edition of the Communist party newspaper Pravda. In a front-page editorial, Pravda called Mao Tse-tung's regime "the main danger to the unity of the world Communist movement."

Pravda said the final straw was Tuesday when Peking called Khrushchev "the great

913 Guide Tours Here During March

Historian Milton Thompson, guide supervisor of the Gettysburg National Military Park, reported today that during March the battlefield guides made 913 guided tours over the field and received \$4,924 for their efforts.

"It is interesting to note," Mr. Thompson said, "that in March, 1963, there were 471 guided tours. An early Easter contributed to the increase, but nevertheless, I am inclined the guides will do a greater business in 1964 than in any previous year," Thompson said.

So far this year there have been 1,079 guided tours with 64 in January and 102 in February.

American Prelates Adopt Recommendations For Use Of English In Holy Mass

By BARRY SCHWEID

WASHINGTON (AP)—American prelates of the Roman Catholic Church have drawn up detailed recommendations for greater use of English in Masses. Prompt approval from Rome is expected.

About 200 archbishops and bishops and four of the five American cardinals met Thursday in a secret session at Catholic University to approve the texts and the extent of English in the Mass, sacraments and the breviary.

SEE EARLY USE

Final approval of the new translations was requested of the Ecumenical Council's commission for the liturgy. "When this is forthcoming," said the Most Rev. John F. Dearden, archbishop of Detroit, "they will be put into effect in the United States as soon as possible."

Archbishop Dearden is chairman of the U.S. Bishops' Commission on Liturgy which decided on the recommendations last January 8 at a meeting in

Philadelphia.

The impetus for greater use of the vernacular—and consequently less use of Latin—came last December 4 from the liturgical constitution adopted by the Vatican Ecumenical Council.

Although the recommendations approved Thursday are a secret, authoritative sources report the vernacular will not apply to the "Canon," the most sacred portion of the Mass.

The speculation is that the most likely date for the revised texts to be inaugurated is the first Sunday in Advent, November 29, which is the beginning of the liturgical year.

Francis Cardinal Spellman of New York, James Cardinal Ruffin of St. Louis, James Francis Cardinal McIntyre of Los Angeles and Albert Cardinal Meyer of Chicago attended the meeting.

Cardinal Cushing of Boston was absent.

Registrations will be held between 4 and 7 p.m. on May 22 with opening ceremonies at a campfire at 9 p.m.

A program of Scouting skills was scheduled for Saturday, May 23, from 8:30 to 11:30 a.m., while a physical fitness program will be conducted from 1 to 3:30 p.m. Closing retreat will be held at 4 p.m.

CROWDING OF SCHOOLS IS PROTESTED

A delegation from Emmitsburg appeared before the Frederick County School Board Wednesday to protest overcrowding in their schools and the moving of the consolidated north county school to Thurmont.

The Emmitsburg delegation was led by Town Commissioner Norman Flax, Mayor Ralph Irelan and Attorney Alleck A. Resnick, Baltimore, and by representatives of the Emmitsburg Junior Chamber of Commerce.

They returned to the old argument that the north county consolidated high school should have been located on the Jamison-Wiwell tract of land half way between Emmitsburg and Thurmont at the Orndorff Road rather than on the Staub tract at the Thurmont town limits.

The Jamison land had been considered originally as the school site but was too expensive school officials explained.

It was pointed out that the parochial schools of Emmitsburg, which serve part of the population, were not planning an expansion on the elementary or high school level in the near future so that the population growth would have to be absorbed by public school facilities.

TIGHTEN LAW ENFORCEMENT

More rigid enforcement of township and commonwealth ordinances has become effective since the institution of an around-the-clock police department in Conewago Township.

Announcement of the strict enforcement was made Thursday by Chief of Police Thomas Carbaugh, who said a crackdown on township traffic violators has begun.

Carbaugh said illegal parking and failure to obey stop signs constitute the major portion of violations committed by area motorists.

Carbaugh said vehicles are parked illegally near various industrial plants in the township, causing hazardous vehicle maneuverability.

More stringent efforts will be made to enforce the township fire ordinance and the rule against dumping of trash within the township.

Knouse Feeds Cooperative, Inc. Is Now Name For Three-State Fruit Processing Organization: The three-month-old PenMarVa Packing cooperative Thursday afternoon voted to change its name to Knouse Foods Cooperative, Inc.

Stockholders, meeting at the Knouse plant at Peach Glen, raised the question that PenMarVa is a "jawbreaker" combination that is unknown in the fruit world and then voted to take advantage of the name of M. E. Knouse, who is well known throughout the industry.

Those suggesting the change pointed out that Mr. Knouse in 1947 received national honor when he was cited by the National Apple Institute as the outstanding processor of the year. They said that the public was familiar with the Knouse packing company name from its many years of providing quality foods before it was merged with National Fruit. They also pointed out that the Knouse name in connection with the National Fruit plant was better known than National Fruit, citing their experience at National Fruit and other meetings. As a result the group voted to take advantage of the name and changed the title of the cooperative. Attorneys were instructed to proceed with the legal formalities necessary in connection with the change.

The vote on the name change was unanimous.

M. E. Knouse was elected president and treasurer of the cooperative at the board of directors meeting held in connection with the stockholders session.

Dr. Johnson is New Diplomat of ABIM: Dr. C. Harold Johnson, 52 East Broadway, received certification Saturday as a diplomat of the American Board of Internal Medicine.

The Gettysburg physician has been taking a series of special courses for the past three years. In October he took a written examination, and the week of March 20 took an oral test at the Bellevue hospital in New York City, qualifying him for the certificate.

He was in New York City last week attending the meeting of the American College of Physicians, of which he is an associate member.

Dr. Johnson is a graduate of Gettysburg college and the medical school of the University of Pennsylvania. He served an internship of two years at the Philadelphia general hospital and was resident pathologist at the hospital for a year before returning to Gettysburg in 1938 to open his office here.

The ceremony will be performed by the Rev. Dr. Hanson, father of the bridegroom elect, the Rev. T. P. Hanson, of East, Md., brother of the bridegroom elect, and the Rev. Victor Swenson, pastor of Zion church.

PLUMB LINE OF CHARACTER

That plumb line that the carpenter uses has never deceived. It puts its point upon the exact spot desired. It demonstrates a law of nature.

In like manner does the plumb line of character demonstrate the man — his opinion of himself, his purpose in life, and the manner of his dedication. Just it is that a man's worth is truly appraised — and by himself, rarely by others.

Your worth depends upon what you think of yourself, and your way of revealing it. By that plumb line of character. This plumb line is a simple thing. Nothing can alter its truth telling. Neither can any outside influence alter the plumb line of character. It points right to the truth of a man.

One's birth does not tell the story of a person. It may have been most humble, under circumstances of great poverty, or even of great opulence. Nor do one's attainments of power or wealth give the true plumb line to a man's worth. It's what comes out of these circumstances — character alone.

It's what a person dedicates himself to that is the all-important thing in life. It's that which gives satisfaction and distinction and makes a man happy. It sets him apart, as well. He is independent, personally resourceful, and self-reliant.

That plumb line has weight to it, so that its lower point will touch exactly the right spot. Like the boat that rides smoothly with an even keel. Ever so much is concentrated in the weight of the human plumb line — loyalty, truthfulness, courage, devoutness and singleness of purpose. And these are the qualities that measure character in a person.

None of us live perfect lives — far from it — but we can live better lives by endeavoring to keep our lives as nearly "in plumb" as possible.

THE ARTIST

He took his little and was glad, And never wished that more he had.

It mattered not what others spent, With paint and brush he was content, And seemed to find in fruits and flowers

A deeper happiness than ours. His wants were simple and but few,

The luxuries he never knew, Or if he did he passed them by As if acquaintance he'd deny.

His was a little world apart, Where triumph was a work of art.

His speech seemed strange. It oft appeared At what men valued most he sneered.

The high rewards by commerce earned He turned his back upon and spurned,

Preferring in his quarters quaint The lonely luxury of paint.

These three grim ages of distress, Hunger and cold and shabby dress,

Which most men fear, he smiled upon And never wished them to be gone,

Saying: "From all that comfort brings But little inspiration springs."

Men who are slaves unto the purse, Fancied him stubborn and perverse,

Because no goal would he pursue Within the larger world they knew,

But paint and brush, and loveliness Gave him such joys they couldn't guess.

25 HOPEFULS FOR DERBY TO BE PRESENTED

By ORLO ROBERTSON

Associated Press Sports Writer

Canadian - owned Northern Dancer and 24 other 3-year-old thoroughbreds are slated to present their Kentucky Derby credentials for consideration Saturday in four rich races topped by the \$100,000-added Florida Derby at Gulfstream Park.

In addition to the 1-18 miles of the Florida Derby for which Northern Dancer is the 4-5 choice, the preps for the May 2 running of the blue ribbon event at Churchill Downs includes the one mile of the \$50,000-added Gotham at Aqueduct, the 1 mile of the \$25,000-added Arkansas Derby at Oaklawn Park and the one mile of the \$15,000-added California Derby at Golden Gate Fields.

HILL RISE FAVORED

Other 3-year-olds also are slated to go in the four stakes but it is the Kentucky Derby candidates that figure to be in the spotlight. The Florida Derby and Gotham each look for nine entries with eight in each pointing for the big Kentucky race. Five of the probable Arkansas Derby starters and four of the likely California Derby Trial field are Kentucky Derby eligibles. Each expect to draw 14 starters.

Northern Dancer, second only to Hill Rise as the Kentucky Derby future book choice, will be ridden by Bill Shoemaker in quest of his second straight Florida Derby triumph. The 33-year-old Shoe won last year with Candy Spots.

The Dancer, never worse than third in 12 starts and winner of nine races, will pack 122 pounds along with four other stakes winners—Roman Brother, The Scoundrel, Dandy K. and Ky. Pioneer. All the others carry 118.

Roman Brother, leading money-winning 2-year-old of 1963, is the 4-1 second choice under Manuel Ycaza. Dandy K., winner of the Fountain of Youth last week, is 6-1 and The Scoundrel and Ky. Pioneer, 8-1. The Scoundrel comes from Rex EHaworth stable, which sent out

Runners Will Hold Key To Success Of College Trackmen; Face Temple

The Gettysburg College track team will launch a 10-meet schedule Saturday afternoon when it tangles with Temple in Temple Stadium, Philadelphia.

Coch Hal Glad, starting his fourth season at the Bullets helm, will have to rely heavily on his runners to bring home a winning season. While track events will be extremely strong, there are a few bright spots in the field events.

Roy Beauchamp, a junior from Philadelphia's William Penn Charter, will be back to handle the high jump. He will be backed by junior Dick Dreas, Easton, Pa. Woltman, a senior from York, will carry the major load in the broad jump. The two experienced weight men will be shot-putters Woody Spivey, Harrington Park, N. J., and Joe Fleech, San Francisco. The Bullets will find the going rough in the pole vault, discus, and javelin.

Senior Connie Snyder, Philadelphia, and sophomore Dale Boyd, Pennville, N. J., and Al Siss, Wyckoff, N. J., are Gettysburg's answers in the 100 and 220-yard dashes. Boyd and Snyder have been competing all winter in the indoor meets. Chris Hayden, a junior from South Salem, N. Y.; junior Jerry Staub, Philadelphia; and senior Ed Southworth, State College, will carry the load in the 440. Hayden ran the 100 and 220 last year.

STAR RETURNEES
Glad will be depending on his two aces in the 800, Bob Linders, Haworth, N. J., and Roger Melhorn, Philadelphia. Linders, a senior, currently holds the school record at 1:52.3. Southworth and sophomore Bill Leibovici, Silver Springs, Md., will also be able to bolster the 800 should the situation arise.

The mile and two-mile will fall in the laps of seniors Jim Lombardi, Montclair, N. J., and Ed Salmon, Lemoyne. Both men have been extremely consistent in the two events and are considered the best distance men in the history of the college. Lombardi holds both school records, running the mile in 4:26.5 and the two miles in 9:54.9. Salmon had been the previous record holder.

Senior Harry Buzzard heads the list of high and low hurdles runners, but is being pushed by junior Ed Morgan, Camp Hill, and sophomore Steve Tracy, Lanham, Md. Veteran Jim Rein, Drexel Hill, will continue to specialize in the low hurdles.

Besides the long list of potential school record smashes in the track events, Glad will be able to put together a pair of tough mile relay squads. Heading this list would be Hayden, Staub, Melhorn and Linders. All but Melhorn are members of the team which holds the school record at 3:21.6.

REDS SMOTHER BEARS 11 TO 3
By THE ASSOCIATED PRESS
Their American Hockey League playoff series is tied at one game apiece today after the Providence Reds held open season on Bear with Hershey goalie Ed Chadwick the No. 1 target.

The Reds fired 11 goals past Chadwick Thursday night for the highest Calder Cup playoff total by a team in 20 years and second highest in playoff history. Providence's 11-3 victory tied the best-of-three series with the deciding game scheduled for Saturday in Hershey.

PHILAN TO SPEAK
Jim Philan, basketball coach at Mt. St. Mary's College, Emmitsburg, will be guest speaker at the annual dinner for the St. Theresa canteen on Saturday, April 11, at 5:30 p.m. in the school hall at New Cumberland.

Willie Marshall, Harry Ottenbreit and Norm Corcoran fired two goals apiece as the Reds bombed Chadwick with 46 shots. Other scorers were Jim Bartlett, Matt Ravlich, Ed Mazur, Stan Baluik and Larry Leach. The game was a complete reversal of the opening meeting between the two clubs when Hershey skated to a 6-1 victory.

The Calder Cup playoffs continue tonight with Pittsburgh meeting Quebec in a semifinal match.

CELTICS TAKE 2-0 LEAD IN NBA PLAYOFF

By BOB HOODING

BOSTON (AP)—"We just laid down," said frustrated Cincinnati coach Jack McMahon. "If we get this kind of performance, I don't expect we'll win again. The Celtics will sweep us in four."

McMahon held his post-mortem outside the wake-like Royals' dressing room Thursday night after Boston defeated his team 101-90 and took a commanding 2-0 lead in the Eastern Division playoff final.

The best-of-seven National Basketball Association series now moves to Cincinnati Sunday and Tuesday nights. No team in NBA playoff annals ever has been down 0-2 in a seven-game set and pulled it out.

"I'M DISGUSTED"

St. Louis, which entered the Western Division final as the underdog, takes a one-game edge into Friday night's second contest at San Francisco.

"The Celtics were aggressive," McMahon said. "We wouldn't even go after a loose ball. I'm disgusted with this team. On switches when a Boston player got by, my boys would say 'oops,' shrug and then figure it wasn't their responsibility any more."

"Look, we're the highest-scoring team in the league and we've got 87 and 90 points in the playoffs. Are they tired? How the devil can they be tired?"

JONES IS STAR

"I said Jerry Lucas was 30 percent with that back condition. Heck, he's not even 10 percent. He looks like he's afraid to bounce the ball. He must be in pain. He keeps telling me he can play, but he can't."

"Jack Twyman had a good shooting game with 27 points but he gave up that many on defense. Oscar Robertson got 30? He'll get that many if he just gets the ball."

"I think that K. C. Jones of the Celtics is your star. He hustled, he worked the ball in and gave Boston a great game."

TOP SCORERS

"K. C. Jones was great, the whole show," echoed Lucas. "I never before played a game in my life when I didn't score at least one basket."

Lucas was held to three free throws and seven rebounds.

"They played a good ball game, we played a better one," commented Boston Coach Red Auerbach. "We certainly aren't overconfident by any stretch of the imagination."

Tommy Heinsohn got 31 points and Sam Jones 25 to pace Boston scoring.

CRIST HEADS VETERAN MSM GOLF OUTFIT

Mt. St. Mary's College golfers will open their nine-match season Monday when they oppose Westminster at Westminster.

The Mountaineers, who were unbeaten last year, have five returning lettermen. Heading the group is Dick Crist, Gettysburg, a Sophomore, and the number one man. He lost his opening match last season and then went unbeaten on the remainder of the campaign.

Kevin Costello, New York City, a Junior, will team with Crist to provide a strong one-two punch.

Senior and Captain Lynn Engler, Williamsport, unbeaten last year, will hold down the number three spot while Paul Jaber, Philadelphia, Junior, and John Jermack, New York, Sophomore, will be the number four and five men, respectively. A Freshman, Melvin McGlaughlin, has shown much promise as the number six player.

NEW HOME COURSE
The Mountaineers will use the South Hills golf course, near Hanover, for the first time as its home course. They will also meet Gettysburg College for the first time.

The schedule: April 6, Western Maryland, away; 15, Loyola, home; 20, Gettysburg, away; 23, Baltimore, home; 30, Baltimore, home; May 5, Baltimore, away; 7, Shippensburg, away; 12, American, away; 11, Mason-Dixon championships at Staunton, Va.; 14, Shippensburg, home.

Smith Re-elected Head Of Little League; Set June 1 As Opening Date

Richard Smith, local mover, was re-elected to a second term as president of the Gettysburg Little League, Thursday evening at the bi-monthly meeting of the league at the Elks Home. Smith has been active in Little League work for five years.

Francis Alberts was elected vice-president while Bob Signor was elected treasurer and Sterling Musselman was re-elected to a fourth term as secretary. G. Noel Flynn was voted in as the new player agent. Alberts succeeds Eugene Johnson while Signor vacates the player agent post to succeed James Rowe as treasurer.

Rowe, who has been associated with the league for the past several years when the Gettysburg National Bank first sponsored a new team, submitted his resignation as a member of the board.

George Gantz, chairman of the grounds committee, reported that several feet of fence around the field will have to be replaced and the board will have to paint and repair the outfield fence and bleachers. He stated that the playing field was in good shape but that some preliminary work will have to be done to get it ready for the season's opener on June 1.

Musselman read a letter from the Phi Gamma Delta fraternity of Gettysburg College, offering to help with any work which might have to be done around the field.

ASSES PLAYERS
The board voted, by unanimous choice, to assess each Little Leaguer, once he has been picked for a team, one dollar to cover the cost of insurance. This money will be collected when the six teams have picked their players.

The board also adopted a new registration plan. The new candidates for the tryouts will be asked to report with at least one parent or guardian to register for the season. The time and place of the registrations will be announced at a later date. All youngsters between the ages of nine and 12 will be registered at the same time. This will eliminate the distribution of applications to the schools.

The board accepted the new 1964 schedule. The season will open on June 1 and games will be played five nights a week for nine straight weeks, ending on July 31. All rain dates will be scheduled for Saturday afternoons or at the end of the season. The Elks and Moose will inaugurate the new campaign. Bob Kenworthy was elected to replace Mike Flynn as scorekeeper.

The next Little League meeting was set for April 16 at 8 p.m. at the Elks Home.

4 VETS WILL FORM NUCLEUS OF NET SQUAD

Four veterans will form the nucleus for this year's Gettysburg College tennis team. The four men will be backed by a host of strong newcomers which gives Coach Bob Hulton's squad a bright outlook for 1964. They open their season at Temple Saturday.

Senior Rick Savage, Bloomsburg, last year's number one man, is going to have his hands filled with another former first player, Doug Pincock, Chevy Chase, Md. Pincock was unable to compete a year ago, but is back in excellent form and the two should give Gettysburg a powerful one-two punch.

Last year's two sophomore sensations, Linc Anderson and Jim Walker, will not be out for the sport this season leaving a wide gap to fill. However, Hulton will be able to count on number four man Wayne Streitz, a Senior from Camden, N. J., and a pair of third doubles performers, Senior Jack Dillon, Baltimore, and Junior Bill Johnson, Neptune, N. J.

Paul Folkemer, Linthicum, Md., the only double letter winner in baseball, has decided to take up tennis this year. His presence will strengthen the bottom half of the order. Hulton's promising Sophomores include Gerry Mack, Jackson Heights, N. Y.; Bob Morrison, Palmyra, N. J.; Herb Murphy, Ossing, N. Y., and Garry Bloom, Langhorne.

The attending physician at St. Mary's Hospital, where Tebbetts was taken Wednesday night after a heart attack, said tests indicate there has been "some tissue damage." The doctor said no one can make positive statements about a coronary for four or five days.

TEBBETTS IS "DOING WELL"

TUCSON, Ariz. (AP)—Birdie Tebbetts was reported "in satisfactory condition and doing well" early today, but doctors still wouldn't make any predictions as to when the Cleveland Indians manager would return to action.

The attending physician at St. Mary's Hospital, where Tebbetts was taken Wednesday night after a heart attack, said tests indicate there has been "some tissue damage." The doctor said no one can make positive statements about a coronary for four or five days.

The 54-year-old manager was described as resting well and not in pain.

Tebbetts was stricken while at the hotel the Tribe calls home during its annual spring training stay in Tucson.

Third base coach George Strickland has been named acting manager while Tebbetts is recovering.

JOE TORRE'S HOMER WINS FOR BRAVES

By MURRAY CHASS
Associated Press Sports Writer

Milwaukee officials don't mind if Joe Torre remains angry with them the entire season. They wouldn't even mind trying the same tactics next season — if the final results this year are as profitable as the beginning.

For Torre, however, a repeat performance by the Braves' management wouldn't be profitable. That's what made him angry this year. He arrived at camp about three weeks late following a long contract hassle with President John McHale.

Now after only two weeks, the 23-year-old catcher-first baseman is batting .500. His two-run homer in the 11th inning powered the Braves to a 7-5 triumph over Pittsburgh Thursday, their 13th in 16 exhibition games. The winning blow was Torre's fourth hit of the day.

\$25,000 SALARY

Torre, whose brother, Frank, also played for the Braves, accepted less money than he wanted after deciding "I wasn't going to let one man spoil my career." He referred to McHale.

The Brooklyn native reportedly signed for about \$25,000. McHale said he had asked for a 100 percent increase over his 1963 salary of \$17,500.

In his third year with Milwaukee, Torre batted .293, the best average among catchers in the major leagues.

Houston's Jim Wynn also came through in an extra-inning effort, smashing a 12th-inning grand-slam home run which gave the Colts an 8-4 victory against the New York Mets.

Wynn also had a two-run homer in the eighth that tied the game.

ANOTHER KOUFAX

Six of the other seven exhibition contests were decided by one run. Only Cincinnati's 8-3 triumph over Detroit was not a close game.

St. Louis handed Sandy Koufax and the Los Angeles Dodgers a 2-1 setback while Minnesota rallied in the eighth for a 2-1 victory against the New York Yankees. Philadelphia nipped Kansas City in still another 2-1 game on John Herrstein's ninth-inning single.

Dick Dietz' single in the ninth carried San Francisco over Cleveland 4-3, three walks by rookie Wally Bunker in the ninth paved the way for the Chicago White Sox' 8-7 triumph against Baltimore and the Los Angeles Angels squeezed by the Chicago Cubs 6-5, giving Ken McBride his fourth decision.

Pitching Major Problem For Coach Gene Hummel Of Bullets; Oppose PSU

"The major problem in 1964 will be our pitching," Gene Hummel, head baseball coach at Gettysburg College said as the Bullets prepare to meet Penn State in the season's opener Saturday afternoon in University Park.

Gettysburg lost the heart of its pitching staff a year ago when Ted Koerner and southpaw Bob Hinds received their diplomas. The only veteran set to go this campaign is Junior Bill Forester, a left hander from Woodbine, N. J. The 6'1", 165-pounder, saw action in six ball games last season, starting three, and finished with a 1-3 record. He tossed in 33 innings, struck out 36, walked 16, allowed 33 hits and registered a 3.28 era. Accounting for his dismal record was the fact that he was not in perfect shape and weighed 230 pounds. However, Forester considers himself in the best physical condition he has ever been in this early in the season.

Hummel will also be counting on Senior Dave Barton, Lynnfield, Mass., and By Crammer, a Sophomore from Bordentown, N. J., to round out his starting group. Barton had trouble getting started as a Sophomore and a broken finger last season kept him out of action throughout most of the year. Crammer, although pitching in two frosh contests a year ago, is one of the Bullets' top Sophomore prospects. In the relief role, Gettysburg will be counting on the services of Seniors Roger Rosenstock, Brooklyn, and Gary Worley, Littlestown, and a Sophomore, Roger Crum, Bendersville.

Two strong posts on the squad will be the catching and second base. Veterans Bob Furney, Gettysburg, and Howie Gerken, Freehold, N. J., will handle the major portion of the backstop duties. If needed, Ken Snyder, Hershey, can be pressed into duty. Snyder will be the lone letterman in the outfield, working the left pasture.

Al Hallam, Nutley, N.J., and Pete Wolynec, New Hyde Park, N.Y., are setting the pace at second. Hallam is the better fielder and base runner but Wolynec is one of the team's top hitters. Another potentially strong second sacker is Sophomore Frank Wolfgang, Lavelle.

WARD LED FROSH
Hummel has one ace up his sleeve and that's last year's top yearling hitter Jim Ward, Gettysburg, Md. Ward, the only three-sport man at Gettysburg, is the likely starting third baseman, although his name has cropped up as a shortstop and first baseman. Ward has excellent timing, strong wrists and is extremely dangerous with the long ball in the clutch.

Veteran Bill Jacobson, Teaneck, N.J., will be the probable starter at shortstop. Jacobson got off to a slow start last year but finished strong, leading the team in home runs and rbi's. Sophomore Chris Sirms, a 6'4", 206-pound native of Elkins Park, has been coming on fast at first base. Sirms, Jacobson, Wolynec and Ward will be the probable starters against State.

Another problem spot is the outfield. Snyder will be able to take care of one spot, but the remaining two spots are toss-ups. Ed Curtis, Stroudsburg, Conn., takes a good out and bangs a long ball, but his consistency and defense have not blossomed. Another prospect is Tony Presogno, Curwensville. Presogno is attempting to play college ball for the first time and it may take a couple of weeks to hit his full stride.

SIGN COLTS PACT
BALTIMORE (AP)—The Baltimore Colts of the National Football League announced today that former Alabama halfback Butch Wilson has agreed to terms for the 1964 season.

GYPSIES GATHER
IN SICKBED VIGIL

SALT LAKE CITY, Utah (AP) — Gypsies from Seattle; Dallas; Portland, Ore.; Los Angeles, and elsewhere in the West kept a sickbed watch Thursday night on the leader of their clan, Miguel Marks, 60.

A son, Miller Marks, said more than 1,000 more will arrive today and some will eventually come from Europe.

The leader was reported in fair condition at St. Mark's Hospital. His son said he was being treated for high blood pressure, kidney trouble and other ailments.

Gypsies believe the more members of the clan who come close to a failing king, the better his chances of recovery.

The elder Marks lives in Ogden, Utah.

DEMOCRATS IN
FAMILY FIGHT
IN WISCONSIN

By PAUL CLIFFORD
MILWAUKEE, Wis. (AP)—The nation's second presidential primary, the Wisconsin test next Tuesday, finds Democrats in a family fight and Republicans in a position to help decide the winner.

The Democratic clash could reach out to touch the programs and prestige of President Johnson, even though he is not personally entered in the race and has not directly joined the campaign.

The President is represented by favorite-son candidate Gov. John W. Reynolds, who is being challenged by Alabama's segregationist Gov. George C. Wallace.

After a cautious start marked by reserved or hostile receptions, Wallace has increased the tempo of his drive and has been en-

thusiastically received in three of his latest stops.

This was followed by an announcement from Washington Thursday night that Postmaster General John Gronouski, a former Wisconsin tax commissioner, would join the campaign against Wallace with the approval of Johnson.

Wisconsin Republican reaction will be reflected in the vote totals.

GOP UNITES EFFORTS

State GOP leaders won the agreement of eight of the party's presidential figures to skip the primary, in favor of an uncommitted national convention delegate slate headed by favorite son, Rep. John W. Byrne.

Wisconsin voters are free to vote in either the Democratic or Republican races. Democrats are fearful that Republicans, with no contest of their own, will vote in the Democratic race. It has been the other way around in other years.

Estimates Drop
In Cigarette Tax

HARRISBURG (AP)—A large number of Pennsylvanians have cut down on their smoking or stopped altogether, causing a \$4 million budget problem for Gov. Scranton.

Martin H. Brackbill, Scranton's budget secretary, said Thursday that the latest revised estimate of cigarette tax receipts in the 1964-65 fiscal year is \$11 million less than originally anticipated.

The original estimate was made before the federal government released its findings on the relationship between cigarette smoking and lung cancer. The Scranton budget of \$1.168 billion was based on the first estimate.

Brackbill said other tax sources will net \$7 million more than was originally expected, "but that still leaves me \$4 million short and I don't know where I am going to get it."

CHEVY II by Chevrolet

How to get away from it all including the high cost of travel!

If you're looking for a way to get the whole family there and back on a small vacation budget, this is the station wagon that can do it.

You see, a Chevy II is one of the most inexpensive wagons you can own. It goes so many miles between gas stops you'll think we built in a spare tank. Garage stops, too, are far, far apart.

And you get 76 cu. ft. of cargo space for less money than you'd expect to pay for most sedans. Big enough to handle fat rowboats and tall fishing poles. Powerful enough to tote fully loaded trailers.

And all Chevy II's come with Chevrolet's money-saving, easy-care features. Like Body by Fisher, rust-resisting flush-and-dry rocker panels, battery-

saving Delcotron generator and self-adjusting brakes.

Besides wagons, of course, there are Chevy II sedans and coupes. The Super Sport Coupe comes with a wide range of engines, bucket seats, door-to-door carpeting and either an extra-cost floor-mounted Powerglide or 4-speed transmission. So although Chevy II's are economical to buy and own, they certainly don't look it.

And now that it's Trade 'N' Travel Time at your Chevrolet dealer's, you'll never find a better time to look into Chevy II. Look under its hood. Slam its solid doors. Bounce on its thickly padded foam-cushioned seats. But above all else—try it on the highway. It'll give you a good run for your money.

Littlestown Bi-Centennial Corporation Starts Fund Drive Next Monday

Co-Chairmen Wilbur Bankert, Theron Spangler Hope To Realize \$6,000 For August 1-7 Observance

The Littlestown Bicentennial Corporation will begin an "operating capital fund drive" Monday to raise money for preliminary operations prior to the actual bicentennial observance in 1965.

Wilbur Bankert, president of the Adams County National Bank, and Theron Spangler, executive vice president of the Littlestown National Bank, have been appointed co-chairmen of the drive. They will be assisted by 20 representatives from each of the Littlestown Lions and Rotary Clubs.

Bankert and Spangler said today that they hope to raise approximately \$6,000. The co-chairmen said, "Celebrations of this type are all financial successes. They take in enough money to more than pay the expenses. No one has to underwrite the event. However, to get the celebration rolling before the income from the actual observance is available, initial working capital is necessary. The bicentennial corporation hopes to raise the necessary funds from the drive which begins Monday."

WILL SELL BONDS

Citizens of Littlestown and the surrounding area will be asked to purchase bicentennial corporation bonds at one-dollar per class membership. They can purchase as many as they wish. Upon completion of the celebration, the certificates may be redeemed pro rata out of funds on hand up until the redemption deadline of August 20, 1965. In many cases, however, individuals keep the bonds as souvenirs of the commemoration.

The actual bicentennial observance will be held from August 1-7. The seven-day program will include an historical pageant, outdoor church observances, Children's Day, Ladies' Day, Pioneer and Homecoming Day, Industrial Day, Firemen's Day, Youth Day, American Heritage Day, etc. There will also be a parade, historical displays, special retail sales events, night fireworks, rides, "then and now" window displays and much more.

The celebration will commemorate the 200th anniversary of the founding of Littlestown by Peter Little in 1765.

Insurance Agent

Attains Key Club

Nationwide Insurance Agent Clarence (Mike) King, Littlestown R. 2, has been awarded membership in the company's Key Club for his 1963 mutual funds sales leadership. Only 13 of Nationwide's 6,700 agents earned the annual mutual funds sales award.

King will be honored at a recognition banquet April 19 at Columbus, Ohio, at the company's home office. The banquet will be the opening event of a three-day seminar for all Key Club members.

EXTORTION JURY HEARS OF PAYOFF

PHILADELPHIA (AP) — A \$3,000 payoff to an unidentified man on a Reading street corner highlighted the opening day of testimony in the extortion trial of Reading Mayor John C. Kubic and Abraham (Abe) Minkler, also of Reading.

Rodger Weidlich, of Bangor, Pa., a sales and service representative for Koonz Equipment Corp. of Pittsburgh, said he obtained a check for that amount from his firm as a political contribution to obtain an order for 500 parking meters from Reading.

Weidlich said he went to a Reading bank, accompanied by former Reading police chief Charles S. Wade, and got the check cashed. He said Wade then pointed out an unidentified man to whom the payment was made.

PERJURY CHARGE TOO

Wade is under federal indictment for perjury in connection with the same case. He has been named co-conspirator.

Juback and Minkler are on trial before Judge Alfred L. Lugo in U.S. District Court here on charges of extorting \$10,500 and an \$880 clock from two parking meter firms doing business with the city. Minkler is serving a four-year sentence for failure to pay excise taxes on gambling.

In 1960, Weidlich said, he had solicited an order for 500 parking meters at \$39.50 each from the city, and it was suggested to him, that, to get the order, a \$15-a-meter political contribution might be made.

Then, at a meeting in the Minkler home, he said, the amount suggested was \$10.

CARRIER LIFT FALLS IN SEA

NORFOLK, Va. (AP) — A flight deck elevator on the carrier Randolph broke loose and fell into the ocean Wednesday night, carrying five men and an airplane with it, the Navy reported today.

Three of the men were rescued by the destroyer Holder, which was performing plane guard duty for the Randolph. The two other men were listed as missing. The accident occurred 270 miles southeast of Cape Henry, Va.

Immediately after the elevator broke loose there was an explosion, followed by fire that engulfed the starboard side of the ship, a Navy spokesman said.

He said the flames were put out in 10 minutes. The Randolph did not give the cause of the explosion or the extent of damage to the ship, the spokesman added.

Survival Test Shows Man Can Live In Space

By PAUL WELLS

SEATTLE (AP)—Thirty days of confinement in a sealed chamber for five men have led to a "major breakthrough" in research into whether American astronauts can live indefinitely in the hostile environment of space.

"We are on the threshold of being able to sustain men in outer space for as long as we need," said Dr. Eugene B. Koonce, director of biotechnology and human research for the National Aeronautics and Space Administration's office of advanced research and technology, after the men emerged.

"The basic principles and techniques of life-support systems have been proved workable and sound. Now we refine and advance them," he said. "We are already looking and preparing far beyond."

SOUND PRINCIPLES

Refinements and further advancements are needed, but the basic principles and techniques for survival outside the earth's atmosphere were found to be sound.

NASA, which contracted with the Boeing Co. for the test, called it "a major breakthrough."

When the men emerged from their cramped quarters Wednesday, first thoughts were for wives, families and food, in that order.

Since March 2 they had lived, slept and eaten under space conditions, except for weightlessness, in a windowless, L-shaped chamber.

RESTORE AIR

The air they breathed was constantly restored by a chemical. Water they drank and washed with was reclaimed from body wastes, sink drainings and condensations. Food was freeze-fried and restored by adding water.

When the crew stepped out, the three married men quickly scooped up their wives in tight embraces. The two others blinked and grinned.

Lt. Cmdr. Donald E. Robinson, 33, the crew's medical officer from Pensacola, Fla., said the first thing he wanted was "a steak three inches thick with a green salad."

Roger Barnicki, 28, of Edwards Air Force Base, headed the crew. Others, besides Robinson, were three Boeing men, Ralvan Welker, 36, of Woodinville, Wash., and Warren Swenson, 26, and Paul Trush, 26, both of Seattle.

The American Public Works Association, through its Research Foundation, has undertaken a \$100,000 program to seek practical advanced techniques of snow removal.

BELGRADE, Yugoslavia (AP) — Communist Czechoslovakia has stopped jamming the Czechoslovak language broadcasts of the Voice of America, apparently as the result of talks between U.S. and Czechoslovak diplomats on ways of improving relations, diplomatic sources in Belgrade report.

onelling change must be made! Peter's denial of Jesus was made at the very first trial of Jesus before the house of the high priest, his accusers. Among the witnesses against Jesus is one maid servant who signals out and identifies Peter as one of Jesus' followers, to which charge Peter vigorously replies "Woman, I know him not." Two other eye witnesses for the prosecution likewise testify Peter was a companion of Jesus. "While he yet spake, 'I know him not,' the cock crew."

AFTER RESURRECTION
After Jesus' resurrection there is a new, changed Peter. Peter, with John, was again brought before the Sanhedrin

court assembled in Jerusalem. This time, in marked contrast to Peter's testimony denying Christ, he is being harassed and intimidated for his defense of the person and witness to Jesus Christ as the Son of God. The accusers remind Peter and John of their previous arrest and the charge of the court - "that you should not teach in his (Jesus) name." Now, after Jesus' resurrection, Peter boldly witnesses to Jesus - "We ought to obey God rather than man . . . we are his witnesses of these things; and so is also the Holy Ghost, whom God hath given to them that obey him." Jesus' resurrection makes the difference. The resurrection of Jesus Christ made all the dif-

ference in the witness, life and world of Peter. It confirmed his three-year discipleship with and obedience to Jesus Christ. Now, as never before, Peter was a changed man. The truth of Jesus' teaching has now been confirmed; the fact of Jesus' resurrection has now been witnessed. Now his former question - "To whom shall we go - thou alone hast the words of life" - becomes a positive declaration - "Thou alone hast the words of life." Of the many changes in the life of Peter following the resurrection of Jesus Christ, certainly, his attitude toward persecution and death had been radically changed. Before, he sought the shadows of the night and denial to avoid persecution.

Before, he would have chosen a natural, creeping, inevitable, painless death. After Jesus' resurrection, to put it mildly, Peter was a changed man. In preaching Jesus Christ resurrected, he chose persecution, he chose a martyr's quick, torturous death.

WHAT CHANGES?
Having recently celebrated Jesus' resurrection, we might rightfully ask what difference, what change or changes this good news has effected in our lives. For one reason or another, we 20th-century Christians seldom seem to go on with spiritual changing and growing. Years roll on and we are just the same. The same besetting

sins, the same unloveliness of disposition, of heart and mind, the same weakness in trial, the same chilliness of heart, the same indifference to growth and Christ-like change are the proofs of our witness and experience of Jesus' resurrection? Do you have a picture or an autobiography, like Peter's, which you might entitle "Before and After Jesus' Resurrection"?

Let us pray: O Lord, add to our knowledge of the Resurrection of Jesus Christ the power of the Holy Spirit that we may change our will and fashion it after Thy Son, Jesus Christ our Lord. Amen.

THE Twenty-Third PSALM

You've got to have your arms around a warm, woolly, wobbly lamb before the real meaning of the Twenty-third Psalm grips you.

You begin to realize how awkward, bewildered, helpless a lamb really is.

David wasn't merely singing of the Lord's faithfulness. He was confessing his own helplessness!

The key to religious faith is not simply the discovery of God's power. It is the discovery of our own need.

The Lord is OUR Shepherd.

- 1 The Lord is my shepherd, I shall not want;
- 2 he makes me lie down in green pastures. He leads me beside still waters;
- 3 he restores my soul. He leads me in paths of righteousness for his name's sake.
- 4 Even though I walk through the valley of the shadow of death, I fear no evil;

for thou art with me; thy rod and thy staff, they comfort me.

5 Thou preparest a table before me in the presence of my enemies; thou anointest my head with oil, my cup overflows.

6 Surely goodness and mercy shall follow me all the days of my life; and I shall dwell in the house of the Lord for ever.

UNIVERSITY PARK — The Pennsylvania State University must "regretfully decline admission" this fall to thousands of 1964 high school seniors who are qualified to do college work, President Eric A. Walker said today.

The university already has received 17,500 formal applications for admission from among 31,500 individuals who requested admission forms, he said. Completed applications are continuing to arrive at the rate of more than 200 weekly.

More than 80 per cent of the 17,500 who have already formally applied for admission appear fully qualified for admission to the university.

TO ACCEPT 6,700

By utilizing every available space at University Park and the other commonwealth campuses, the university will be able to accept almost 6,700 members of the 1964 high school graduating class.

This figure includes a full complement of 2,800 baccalaureate freshmen for the fall term at University Park, 875 for the summer term at University Park, 1,735 baccalaureate freshmen at the other commonwealth campuses and 1,280 associate degree freshmen.

The admissions problem is particularly acute for girls, since the ratio of admissions at Penn State is two and one-half men for each girl admitted.

HEAVIEST PRESSURE EVER

This ratio was established by the board of trustees in recognition of Penn State's role of preparing "bread winners" for careers, Dr. Walker said. Moreover, he pointed out, the Colleges of Agriculture, Engineering, Mineral Industries and Science are comprised almost entirely of men students. Without the weighted ratio, it would be virtually impossible to admit men to the arts, humanities and education curriculums.

The admissions pressure is by far the most serious the university has ever faced, Dr. Walker said. This results in large part from the fact that the 1964 class is the first large post-war birth class. Another factor has been the rapid up-grading of high schools during the past five years.

5,000 ABOVE LAST YEAR

The \$17,500 now being processed compares to 12,500 formal applications for admission received by the same date in 1963.

As it has for the past several years, the university will admit several hundred more students this fall than it actually can house as a means of utilizing its facilities to the maximum extent

15 Men Held On Girl's Testimony

PHILADELPHIA (AP) — A 20-year-old girl gave a 2½-hour account Thursday of what she said were rendezvous with many men in eight months.

As a result of her testimony, five men are being held for grand jury action and 10 others for further hearings.

Sheila Woods, taken into custody in connection with a vice probe, is awaiting trial on charges of prostitution and corrupting the morals of a minor.

Held in \$1,500 bail each for grand jury action were Dom Parry, also known as Dominic Paranzio, 33; Vincent Borgesi, 24; and Anthony DiGregoria, 21, all of Philadelphia. Parry was identified as manager of a cocktail lounge at a motor inn.

possible. This will offset last-minute cancellations because of illness or accident, as well as a small drop-out rate for reasons of homesickness or other causes. This residence hall lounges will become living quarters for some students pending assignment to a room. Students even occupied the upper floor of the president's home during the last fall term while waiting for room assignment.

ADVERTISE IN THE TIMES

STATE CLOSING CASE AGAINST LILLIAN REIS

POTTSVILLE, Pa. (AP) — Asst. Dist. Atty. Calvin Friedberg says all that remains of the state's case against Lillian Reis is the introduction into the evidence of documents which previously have been identified by witnesses.

Miss Reis, a former Philadelphia night club owner, is on trial for the second time on charges of masterminding the 1959 burglary of the home of coal operator John B. Rich.

As the Commonwealth completed its case Thursday, a motion came from defense attorney Robert Simone for a mistrial by exclusion of testimony of the three principal investigating officers as hearsay.

TO BEGIN DEFENSE

The jury was told to leave the room, and after more than an hour of argument on the motion Judge Charles W. Staudenmeier recessed for the day, with the announcement he will rule on the motion today.

If Simone's motion is rejected, the defense will begin its case today. Simone said earlier he is still of a mind to put Miss Reis on the stand in her own defense.

One of the witnesses whose testimony was heard was Rich himself, who is now in Florida recuperating from a heart attack, and unable to testify in person.

Friedberg read into the record Rich's testimony in which he called police witnesses "liars" for estimating the stolen loot at \$478,000.

Rich estimates his losses at \$3,500 in cash and \$17,000 in jewelry.

Schools Are Big Problems In Alaska; May Open Soon

By WARD SIMS

ANCHORAGE, Alaska (AP)—An air of normalcy has returned to the streets of Anchorage, but here and elsewhere in Alaska a lot of work remains before the devastation of last Friday's earthquake is repaired.

Thursday, as they continued the monumental task of clearing debris and trying to get schools, transportation facilities and the economy functioning, Alaskans were cheered by the news President Johnson has ordered quick federal aid for the stricken state.

SCHOOL PROBLEM

The massive tremor crippled business and industry in Anchorage, Alaska's largest city, and virtually wiped them out in Seward, Valdez and Kodiak.

One of the biggest immediate problems is getting the youngsters back to school.

Of Anchorage's two high schools, one was so badly damaged it cannot be used until major repairs are completed. One elementary school was destroyed. Double shifts are planned at the other high school and at another grade school.

"We hope to have some, maybe all, of the schools open early next week," says Dr. Don Daffoe, superintendent.

USED AS CENTERS

Pupils evacuated from Valdez, along with their teachers, now are attending schools at Gulkana, Copper Center and Glenallen. The schools in Kodiak and Seward are being used as emergency centers. In the Kodiak Island village of Old Harbor, the school is standing but the village it was supposed to serve is gone.

Transportation facilities are getting emergency repairs.

Henry Roloff, state commissioner of economic development and planning, said the government-owned Alaska Railroad, the only one in the state, should be open north to Fairbanks and south to Whittier in three weeks.

A LONG HAUL

Repairing it from Whittier south to Seward "will be a long haul" because of the number of bridges out, he said.

The highway to Seward is out and the town is being supplied by air. The Alaska Highway to Seattle and the Richardson Highway to Valdez are open, however.

Docks at Anchorage, Cordova and Homer are operable, but the one at Valdez was destroyed. Tides at the latter city have been running 14 feet lower than normal, indicating that the land in that area raised 14 feet in a massive uplift.

5 TO TESTIFY IN RIGHTS CASE

By F. T. MacFEELEY

JACKSONVILLE, Fla. (AP)—Five demonstrators, including Mrs. Malcolm Peabody, were brought here Thursday from St. Augustine jail to testify in behalf of federal court intervention in the civil rights dispute of the nation's oldest city.

Mrs. Peabody, 72, mother of Massachusetts Gov. Endicott Peabody, and the others made the 40-mile trip in a police car driven by Sheriff L. O. Davis.

There were no guards, but Police Chief Virgil Stuart of St. Augustine followed in another car.

Other prisoners were the Rev. William S. Coffin Jr. and Dr.

TATE BACKS MUSMANNO IN SENATE RACE

PHILADELPHIA (AP)—Supreme Court Justice Michael A. Musmanno, Democratic organization-backed candidate for the U.S. Senate in the April 28 primary, has the support of Mayor James H. Tate.

In a news conference Wednesday, the mayor announced that in the interest of party harmony, he would back Musmanno, and not Genevieve Blatt, state secretary of internal affairs, who is opposing the Supreme Court justice for the party's nomination to oppose Republican incumbent Hugh Scott in November.

Musmanno, in Pittsburgh, said he is grateful for the mayor's endorsement. He added: "I am confident also his enthusiastic support will be an enormous contribution to the victory of the candidates who were endorsed by the Democratic state leaders."

MISS BLATT COMMENTS

David Roberts, Allegheny County prothonotary, is also running in the primary, but Tate eliminated him from consideration after the three contenders sent replies to a questionnaire the mayor distributed to them to help him make up his mind.

In Pittsburgh, Roberts said, "I'm not surprised that he (Tate) endorsed Musmanno. I thought of that when he sent the questionnaire." Roberts said he sent Tate a letter about the questionnaire, asking the mayor why civil rights was not included.

"I told him I was waiting for his reply," Roberts said. "He never did reply."

Miss Blatt, campaigning in Williamsport, was asked to comment on Tate's endorsement of Musmanno. She replied "I am sorry, of course, but I filed my nominating petitions on the assumption that I might not have the declared support of

David Robinson, Yale University chaplain; Dr. Robert Hayling, St. Augustine integration leader, and Anne Ruth Evans, 15, Negro girl.

U.S. Dist. Judge Bryan Simpson was to take testimony on the petition of three attorneys that the nearly 300 demonstrators imprisoned in St. Augustine in the past week be placed under federal jurisdiction.

The judge indicated to the attorneys that he would not take jurisdiction from the St. Augustine courts.

A Lovelier You

By MARY SUE MILLER

BUILD-UP FOR THE LEGLINE.

A lovely may be thin, heavy or just right—right topside and still be plagued by spindly legs. And

Robert

a waifish look at the legline is not the only consequence.

Posed on thin legs, a thin figure appears stringier than in reality it is. Medium and heavy figures seem to teeter, as if on stilts. Obviously it is worth some effort to build up curves. You are never too young or old to try.

For satisfactory results, the only condition is unflagging determination.

The first step is spot-increasing exercise routines that, in strengthening the muscles, attract fuller contours. These are top-flight:

1. Sit on edge of straight chair, and hold onto seat for balance. Keeping knees straight, raise right foot until heel is level with waist. Slowly bend foot forward and backward five times, each direction. Return foot to floor and repeat with left leg. Alternating sides, perform 10 times.
2. Lie right side down on floor with legs straight and together. Cradle head in arm and place left hand on floor for balance. Slowly raise left leg 10 inches; raise right leg to touch left. Lower right leg, count three and lower left leg. Repeat five times. Turn on left side and continue.

If your weight is out of kilter, the next move is a proper diet. The exercise routine, combined with weight control, assures curves where curves ought to be.

CURVES FOR THE LEGLINE. If your loveliness problem is thin, shapeless legs, send for my leaflet, **MORE CURVES FOR THE LEGLINE.** It shows how to build up contours with spot-increasing exercise. The leaflet also includes your ideal leg measurements and tips on a graceful stance as well as flattering footwear. People In The News

BELLINGRATH GARDENS, Ala. (AP)—"It's kind of complicated but if you'll move this little deal here, then push down on this little doo-hickey."

Cecil Beaton of London nodded gravely, then snapped a picture of a lady tourist who posed among the azaleas in this lovely garden south of Mobile.

The tourist, unknowingly, had enlisted the help of the man who was official photographer at the coronation of Queen Elizabeth II.

"If it comes out well, she'll probably think it was just a lucky break," said Beaton.

LONDON (AP)—Playwright Shelagh Delaney is a new mother, but she's not saying whether she's also a wife.

"Yes, it's true, I've just had a baby," the 25-year-old author of "A Taste of Honey" told callers at her apartment Wednesday.

"I've announced the birth. But that's as far as I'm going. I don't want to discuss it any more."

The baby, born March 4, is named Charlotte Joan Delaney.

TOKYO (AP)—Edwin O. Reischauer, U.S. ambassador to Japan, set up in bed Thursday for the first time since he was stabbed by a mentally retarded Japanese youth March 24.

A bulletin issued by the Tokyo hospital where Reischauer is being treated said "the ambassador's condition continues to improve."

NEW YORK (AP)—The Rt. Rev. Arthur Lichtenberger, who was stricken with Parkinson's disease last fall, has announced his resignation as presiding bishop of the Protestant Episcopal Church in the United States.

The 64-year-old bishop said Wednesday night he had been unable to overcome speech difficulties caused by the disease. A successor will be chosen at the church's national convention, which begins Oct. 12 in St. Louis.

SAYS SCHOOLS TO READ BIBLE

DOVER, Del. (AP)—Gov. Elbert N. Carvel says Delaware probably will continue to read the Bible in its schools "until the U.S. Supreme Court rules against it."

Carvel met Wednesday night with teen-ager members of the Wilmington Jewish Community Center Youth to discuss the state's laws requiring Bible-reading in public schools.

The U.S. District Court in Wilmington is considering the state's Bible laws in a case brought by two Delaware families.

Asked what he would do if the court ruled in favor of the plaintiffs, Carvel said the state will appeal to the U.S. Supreme Court and while the high court is making its decision, "Delaware will probably devise some means for providing prayer in its public schools until the decision is announced."

Today In Washington

WASHINGTON (AP)—In the news from Washington:

WHITE HOUSE - SHAKE- SPEARE: The White House observed the 400th anniversary of William Shakespeare's birth Wednesday with a special performance of scenes from "The Taming of the Shrew."

Mrs. Lyndon B. Johnson and daughters Lynda Bird and Luci Baines were joined by 200 children of members of Congress in the East Ballroom for the wedding and wedding scenes of the Shakespeare play, performed by the Catholic University Players.

President Johnson stuck his head in briefly, commented "Oh, it's already started," nodded to his wife and left to return to his office.

SILVER CERTIFICATES: A Federal Reserve official says the government will probably stop issuing \$1 silver certificates next summer.

The \$1 silver certificates are being replaced with the new \$1 Federal Reserve note authorized by Congress last year.

Even after issuance of silver certificates stops, it will be some time before they disappear from circulation. A dollar bill lasts an average of 18 months, but some last longer.

The Treasury plans to continue issuing \$5 silver notes.

Two Towns Given Help From State

HARRISBURG (AP)—The State Commerce Department announced on Wednesday the presentation of these industrial development checks:

Mt. Carmel—\$352,760 to the Mt. Carmel District Industrial Fund, Inc., for a second mortgage on a new branch plant building of new Lehigh Corrugated Products Corp.

Etna—\$194,240 to the Regional Industrial Development Corporation of Southwestern Pennsylvania for a 40 per cent second mortgage for Modern Transfer Inc., to construct a new building for expansion of existing facilities at Etna.

ONLY THE TINY

MINNEAPOLIS (AP)—Only skinny skindivers will be able to pursue the chilly sport of diving under the ice in Minneapolis lakes. The Park Board, alarmed over four and six-foot holes cut by divers, set a new limit of 10 inches on hole cutting. Officials said larger holes don't freeze over and endanger fishermen and vehicles.

increase over 1962, USIA said Wednesday.

POLITICS IS BLAMED FOR STATE FIRING

HARRISBURG (AP)—Allen Shaffer, chief legal counsel for the State Public School Building Authority, says he is being ousted from his \$11,500-a-year job.

He said Wednesday night that he had been informed "political motivations are behind my dismissal." He said he was a close associate of William Lantz, who is opposing Senate President Pro Tempore M. Harvey Taylor R-Dauphin, in his bid for re-nomination in the April 28 primary.

Elliott G. Falk, executive director of the authority, denied there was anything political involved in the ousting of Shaffer.

"We had a discussion about his work with the authority yesterday (Tuesday) and I told him I was not satisfied with his work, that he seemed not to be giving us prompt responses to our requests for legal advice."

Shaffer, 38, of nearby Millersburg, has been with the authority 12 years, serving as chief counsel the past nine. He said he received a \$500-a-year raise only last week.

LBJ To Probe Price Spreads Between Farm And Consumer

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—The food industry may be called on the carpet again to tell why the prices in the stores seem so high when compared to the prices on the farm.

President Johnson has asked Congress to make such a study. And most housewives will watch with interest.

They note government figures showing it takes \$10.60 now to buy food they could get for \$10 in 1957-59, or for \$10.50 just a year ago. At the same time farmers, and especially cattle-men, complain of declining prices at the source of supply.

The President wants to know if "the benefits of advanced technology are being fairly distributed among farmers, processors, distributors, retailers and consumers."

ADMITTS SPREAD

The food industry has been on the carpet before. It admits the wide spread between the price of wheat and a loaf of bread, a steer and a steak.

But this time, as in the past, industry spokesmen are likely to stress the rising costs all along the way to the store from the farm or ranch.

They will point to higher transportation charges from the farm to the food processing plants, and from the mills and packing houses to the supermarkets and corner groceries. The industry also will say it pays more for rent and labor all along the route. And it could add that the customer—or competition—keeps demanding more expensive processing and packaging and precooking or freezing.

LOWER MARGINS

The food industry is sure to emphasize that its margin of profits on sales is less than for most other industries and leaves little room for price slashing.

Figures on the relation of profits to sales in 1963 as compiled by the First National City Bank of New York show that for 2,280 manufacturing companies the average was 5.7 per cent. But 28 meat packing firms averaged only 0.7 per cent, 18 baking companies 3 per cent, 11 dairy products firms 2.7 per cent, and 92 other food products processors 4.2 per cent.

The bank's breakdown on profit margins in 1963 shows 59 food chain companies averaging 1.2 per cent net income on sales volume.

But both housewife and cattle-man will be interested in Department of Agriculture figures showing that between 1947 and 1964 the prices the farmer got for his beef cattle went down 13.8 per cent while the housewife was seeing beef prices in the stores rise 26 per cent.

HUMAN CANNON BALL AT CIRCUS

A long black cannon . . . a puff of white smoke . . . a loud explosion . . . a figure rocketing through space . . . that figure is the lovely Maadalea Zaccchini . . . the Human Cannon Ball, to be seen at the Shrine Circus in the Farm Show Arena, Harrisburg, April 6-11.

This death defying scene can be seen at the all-new Zumbo Shrine's Hamid-Morton International Three Ring Circus.

The cannon is aimed at a net several hundred feet away. A slight miscalculation in aim and her projectile flight could end in sudden disaster. Maadalea emitted that there is enough force emitted from the muzzle of the cannon to send a 25-pound missile completely through a 36-inch plank at a distance of 100 yards.

Maadalea comes from the family of "The Great Zaccchini", who for years entertained circus goers all over the world.

George A. Hamid, the world's greatest showman, has done himself proud in securing the gorgeous Miss Zaccchini and her breath-taking act for the entertainment of the thrill seeking public.

MOSCOW (AP) — The Soviet Union claimed Thursday it can knock out American rocket weapons, including nuclear submarines.
